

## Valley BootCamp Online Registration & Payments

Purchasing a VBC membership:

1. Click on "Client Login" from the [Valley BootCamp](#) website.
2. If you have already set up your login then log in and go directly to the online store tab, then see step 3. If you have not set your login please do the following: All of your information has been entered into the system so it should only take 3-5 minutes for you to complete your client login setup. Click on the "Client Login" tab or link from the website, enter your first and last name under "is this your first time" [many of you have done this already, if you have then you're already to go!], the next screen should recognize your name so you can click to verify that you are the same person as we have already entered. Please enter the email address where you received this email to complete the final verification. Once you complete the final verification we will double check the info on the back end and you are all set! (If you're brand new to VBC, enter your information under "is this your first time" and you're ready to go!)

3. Once you are in the Online Store, click the contracts/package link and choose your contract or package. Choose from a full array of membership packages, including our Six Month series (the most popular!).<sup>i</sup>

Note: Packages must be paid in full at the time of purchase. Contracts divide the 6-month or 1-year package price to allow for the monthly amount to be withdrawn from your debit/credit card monthly.

4. After choosing your package, "make purchase" and follow the instructions to complete the purchase. At this time purchases may only be processed with a credit/debit card.
5. Schedule a time for assessment or re-assessment at Orientation (Assessment) day by choosing the Appointment tab.
6. Schedule your classes by selecting the Bootcamp Classes tab.

### **LET'S GET IT DONE!**

---

<sup>i</sup> If you have received an offer from Valley BootCamp for a discounted session, choose the relevant package and enter the code in the "apply" box after selecting "make purchase".
